

COMMENT OF THE JUDGE ON THE CLUB SHOW OF VOLTA
MANTOVANA OF 25-04-2011

Thank you for inviting me to your beautiful country, judging shelties.
I met many kind and interested people and saw many nice and typical dogs.

I was impressed by your blues, this colour is extremely difficult to breed.
Not only should they be good specimens of the breed but also have the right colour, clear silvery blue.

I found that your dogs had typical heads with the desired expression and very good bodies and bone

I also found some negative details as big and heavy ears and loose elbows. Some of the dogs could have more confidence in the ring.

Haven't you any training classes ?

BOB

The blue dog Int CH Peter Pan di Selvaspina - a lovely little dog, pretty head and expression, good body, well angulated ,moving well sideways.

BOS

Il Granaio dei Malatesta Abrakadabra - very feminine, correct head with a typical sheltie expression, good length of body, moves well from all angles.

The dog CC got to the tri dog Ethann Le Conquerent des Mille Eclats des Tournesol - coming from France, a young dog with the right size , sweet head , good body and bone for size, moving well

The bitch CC got to the BOS bitch Abracadabra.

I wish you continued succes with your shelties and I hope to be able to come back. Also thanks to all people who took very good care of me during my stay.

Mrs Ulla Bergh-Persson

Bermarks Shelties
